Medical Questionnaire

The human resources department at the UC Office of the President is launching its annual medical plan satisfaction survey on Monday, June 30, and asks all faculty, staff and retirees enrolled in a UC-sponsored plan to provide feedback. Retirees enrolled in Medicare plans will not receive the survey.

“The university invests heavily in this area and we realize the importance of these plans to our participants,” said Dwaine Duckett, vice president of human resources. “This feedback will help us with planning and shaping our offerings for future years.”

With about 20 questions, the survey takes roughly 15 minutes to complete. All responses are anonymous and confidential.

Faculty and staff with a work email address on file will receive an email with a link to the survey. Retirees and employees without work email addresses will receive a postcard in the mail asking them to go online to complete the survey.

Institutional Research & Academic Planning at UCOP is administering the survey and tabulating the results.

Questions about the survey can be directed to uchumanresources@ucop.edu or uchumanresources1@ucop.edu.

About UC Santa Barbara

The University of California, Santa Barbara is a leading research institution that also provides a comprehensive liberal arts learning experience. Our academic community of faculty, students, and staff is characterized by a culture of interdisciplinary collaboration that is responsive to the needs of our multicultural and global society. All of this takes place within a living and learning environment like no other, as we draw inspiration from the beauty and resources of our extraordinary location at the edge of the Pacific Ocean.
