## Open Enrollment 2020

Open Enrollment, the period when faculty and staff members have an opportunity to review their health plans and make choices regarding their 2021 benefits, begins Thursday, Oct. 29, and continues through Tuesday, Nov. 24.

Booklets were mailed to employees' home addresses Oct. 23.

The [Open Enrollment website](#) features a plethora of information, planning tools and lists of resources. This year, all UC faculty and staff will enroll for benefits via UCPATH. Open Enrollment webinars hosted by UCPATH provide access to details regarding choices and changes for 2021.

In addition, UC's systemwide [Benefits Fair](#) is available 24/7 throughout the Open Enrollment period.

"This year has been like no other, with many challenges," said Cheryl Lloyd, interim vice president of systemwide human resources. "Much has changed, but our commitment to providing you with comprehensive benefits remains as strong as ever."

UC is offering the same health plans as last year, with minimal increases in premiums — ranging from \$0 to \$12 per month. A few important changes include increases to some medical plan cost-sharing amounts, a new administrator for Flexible Spending Accounts and enhancements to legal insurance benefits.

### Medical Plans

**For Kaiser and UC Blue & Gold HMO, emergency room copayments are increasing room \$75 to \$125 if the patient is not admitted to the hospital.**

**In addition, the copayment for urgent care has decreased from \$30 to \$20 and the copayment for emergency care has increased to \$300 if the patient is not admitted to the hospital.**

## **New administrator for Flexible Spending Accounts (FSA)**

## **Legal Plan**

New Diversity and Inclusion services are being added to further support the needs of UC's diverse population, including domestic partnership agreements, funeral directives, hospital visitation authorizations and gender identifier changes on government-issued documents.
