And We're Back

After going two years without its traditional graduation activities, UC Santa Barbara is back in the commencement business. The university between June 5 and June 12 will honor 6,585 students – a combination of both undergraduate and graduate — set to earn degrees in 2022 with official ceremonies and celebrations on campus, and in person.

Five ceremonies, organized by college, level of degree and field of study, will be held on Commencement Green, near the campus lagoon, between June 10 and June 12:

• **Graduate Division** — Friday, June 10, from 1 p.m. to 3 p.m.

• **College of Letters & Science, Division of Math, Life and Physical Sciences** — Saturday, June 11, from 9 a.m. to 12:30 p.m.

• **College of Engineering** — Saturday, June 11, from 3 p.m. to 4 p.m.

• **College of Letters & Science, Division of Social Sciences** — Sunday, June 12, from 9 a.m. to 12:30 p.m.

• **College of Letters & Science, Division of Humanities and Fine Arts** — Sunday, June 12, from 3 p.m. to 4:30 p.m.

In addition, the College of Creative Studies will host its Commencement Celebration at 11 a.m. Sunday, June 5, outdoors in Storke Plaza. The Bren School of Environmental Science & Management also will hold a Commencement Celebration,

from 9 to 11 a.m. Friday, June 10, outdoors in the Bren Hall Michael J. Connell Memorial Courtyard.

All of the ceremonies and each of the celebrations will be webcast live; details and streaming links will be available in advance via the Commencement, Bren and CCS websites.

About UC Santa Barbara

The University of California, Santa Barbara is a leading research institution that also provides a comprehensive liberal arts learning experience. Our academic community of faculty, students, and staff is characterized by a culture of interdisciplinary collaboration that is responsive to the needs of our multicultural and global society. All of this takes place within a living and learning environment like no other, as we draw inspiration from the beauty and resources of our extraordinary location at the edge of the Pacific Ocean.
